Work Experience

Frontend Developer, *AlphaX Technologies*   Aug 2024 – present
- Collaborated with designers in the implementation of a comprehensive rebranding strategy for a client, resulting in a 30% increase in brand recognition and a 20% boost in customer engagement.
- Implemented and maintained front-end web applications, resulting in a 20% reduction in page load speeds and conversion rates by utilizing modern web technologies such as React.js and best practices for user experience and accessibility.
- Executed front-end development strategies, resulting in a 15% increase in website performance by implementing optimization techniques such as code minification and troubleshooting issues using browser developer tools.
- Provided support to senior front-end developers after becoming proficient in JavaScript, resulting in a stronger, more efficient tech team.
- Assisted in the development and maintenance of front-end web applications, resulting in a positive impact on the company's overall performance.

Frontend Developer - Internship, *Cephas Technologies*   Feb 2024 – Jul 2024
- Translated complex design requirements into interactive user experiences to promote customer engagement and drive web traffic.
- Employed HTML, CSS and JavaScript while leveraging React.
- Built and tested application functionality to ensure a desirable user experience across all platforms.
- Optimized page elements to reduce loading time and debugged code to ensure cross-browser usability.
- Collaborated with other developers, designers, and project teams to ensure successful, on-schedule development and delivery of applications.
- Developed front-end applications and integrated them with back-end components.

Education

B.Sc. Economics - 2023, *Adekunle Ajasin University, Akungba*
